

**Physical Education Intent:**

At the Newlands Federation we strive to provide a high-quality physical education and a broad range of physical opportunities, to ensure that all children develop physical fitness, stamina, and skill. It is vital that our children understand the importance of physical activity and sport in developing a healthy mind and body. We provide a wide and diverse range of physical opportunity across the curriculum, from Nursery to Year Six, so that all children make a positive connection with physical activity, be this in a PE lesson, through competitive sport, in the Forest or on the playing fields. It is our hope that this love for and understanding of our physical selves will last a lifetime.

Achievements to Date:

- Improved outdoor environments at Clandon and across the Federation.
- Implementation and development of Forest School sessions at Clandon.
- Increased teacher confidence through sports coaching.
- Catch up additional swimming provision in KS2.
- Improved resources and storage.

Grant Criteria:

Key indicator 1: The engagement of **all** pupils in regular physical activity – Chief Medical Officers guidelines recommend that primary school pupils undertake at least 30 minutes of physical activity a day in school.

Key indicator 2: The profile of PESSPA being raised across the school as a tool for whole school improvement

Key indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport.

Key indicator 4: Broader experience of a range of sports and activities offered to all pupils

Key indicator 5: Increased participation in competitive sport

Priorities for 2025–26

1. Raise the profile of sport and physical activity across the school, in particular the link between physical activity and physical and mental wellbeing.
2. Make best use of the Federation to invest in and make best use of high-quality staff, resources and environments.
3. Increase the confidence of all staff in the teaching and promotion of physical exercise and sport in curriculum design and learning opportunities.

Total Amount Carried Forward from 2025/26	£0
Total Amount Allocated for 25/26	£16,370
How much (if any) to carry forward for 26/27	£0
Total amount available 2025/26	£16,370

Action	Intended Outcomes	Grant Criteria	Cost	Impact
Increase and improve the quality of physicality during Forest School sessions. Forest school assistant and additional support staff join Forest School sessions with focus on promoting physical activity. Staff continue to develop the Forest School environment to enhance and introduce further opportunities for physicality.	As above, and in addition: Children make links between being outside and increased physicality. Increase confidence of Forest School practitioners through working alongside Forest school leader to ensure physicality is fundamental to each session. Increased adult supervision leads to more ambitious activities involving climbing, balancing, running, jumping, hiking etc.	K1-4	£12,998	To be reviewed July 2027
Action	Intended Outcomes	Grant Criteria	Cost	Impact
Increase the quality and quantity of physical education in forest school curriculum, so that provision goes beyond that outlined in the National Curriculum. Forest School leader to plan and design learning opportunities that prioritize physicality for all.	As above, and in addition: Children experience a Forest School curriculum that actively promotes healthy lifestyle, ways of living and physicality. Children experience a broader range of life skill development and activities.	K1-5	£3,662	To be reviewed July 2027.
